1

Shape the box and locate the end marked "bottom." Close the flaps in order first to last.

2

Use tape (2" duct or packaging tape suggested) to seal all edges and corners of the box completely.

3

Insert poly plastic liner into LampMaster box. If cardboard box liner is included (4ft small/medium) insert it into the poly plastic liner before inserting into LampMaster box.

4

Fill out the "GENERATOR" and "ACCUMULATION START DATE" information on the date that you start filling the box with lamps.

5

Confirm FedEx Label is attached to box. It can usually be found under "Instructions Enclosed" packing slip.

6

Fill the box with intact lamps. Make sure not to rip or tear the poly liner with filling the box.

7

After box is full, fold and seal the poly bag. Close flaps in order and use 2" tape and be sure to TAPE ALL EDGES & CORNERS.
